

Inside you will find information about our Virtual Learning Environment that is developed by a company called 'Frog'.

Frog is changing the way your child learns and how you, as a parent, can be informed about your child's progress more than ever before!

Progress

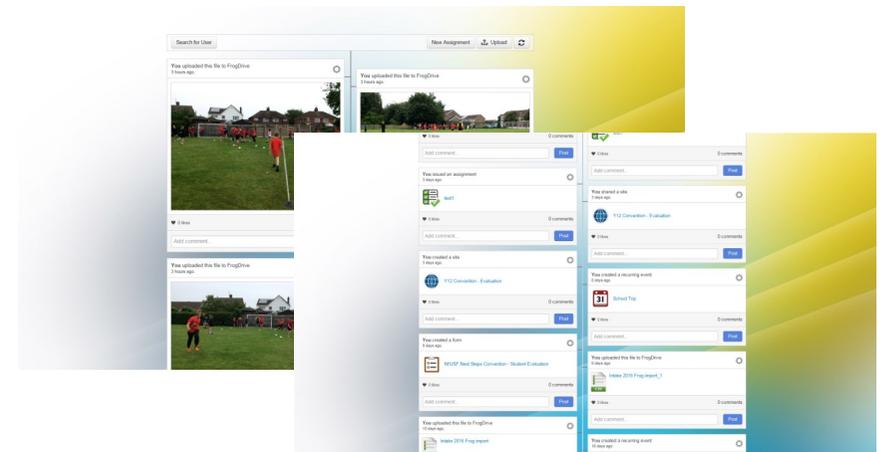

Parent

## Frog Learn

### Student

- Personal dashboards make learning more fun and engaging
- All students' work is stored in one secure, funky timeline
- Students' work is shared with their teachers, parents and peers
- Students have access to the same technology they love to use outside of school

### Parent

- Parents can access live feeds on timelines so they never miss a moment
- School news is sent directly to parents through the platform
- Parents can view, like and comment on their child's work direct from their dashboard

## Frog Play

### Student

- Help students master subjects by giving them a clear picture of what they do and don't know
- Get students excited about completing revision and homework in an engaging and competitive environment
- Incentivise independent learning with rewards based gamification
- Games motivate students to learn in their own time which ultimately improves their results

### Parent

- Parents get real time information about their child's learning and performance
- Parents have a better understanding of exactly what their child does or does not know
- Parents can see all tasks set, whether their child has completed them and how well they have done

### Student

## Frog Progress

- Students know exactly what is expected of them and where they need to improve
- Knowing that their parents will see evidence of their work, increases their motivation to learn
- Access to resources at home, allows students to take ownership of their learning
- With complete transparency of where the student is at, nobody is left behind

### Parent

- Parents know exactly what is being taught and the standard of work expected at every stage
- Parents have a real time view of their child's progress
- Children have an authentic audience to show off their work, which motivates them to deliver their best
- Parents can access learning resources to support their child's learning at home

## Frog Parent

### Parent

- Attendance and behaviour information is sent direct to parent's dashboard
- Timelines and photo streams give parents a richer insight into their child's learning journey
- Parents don't need to wait for parents' evening to have an update on their child's progression
- Parents' personalised dashboards are a window into school life
