

PE kit / sports clothing

Sports kit update - September 2020

For the time being you should wear your PE kit on the days that you have PE lessons.

Hoodies should not be worn*, as per academy rules.

Except for PE Champion hoodies

In order to stay warm on colder days, you have a number of alternatives:

- Wear a coat/jacket that meets SRPA uniform guidelines
- Wear the 1/4 zip PE top or PE rugby shirt on top of you PE shirt.
- Wear a base layer under your PE shirt, this can be any colour but a navy base layer is available at Uniform Direct.
- Wear plain navy tracksuit bottoms (*these should be worn on top of the shorts or skort and removed for the PE lessons*)

**It is acceptable for these to have a small brand logo as it is with the shorts. However, these must not have stripes or patterns of a different colour.*

Rugby and football will not take place in the Autumn term as a control measure in response to COVID-19. Therefore football boots and shin pads will not be required until January 2021 at the earliest.

Trainers - Ensure that these are not 'fashion trainers' as these often do not give suitable support to your feet and ankles and lack the grip required. Running trainers or indoor football/tennis/squash trainers would be suitable.

Football boots - Required for football and rugby. Moulded studs would be best. Please check that you are not buying AstroTurf trainers by mistake.

Shin pads - Required for football

Gum shield - Highly recommended for contact rugby in line with RFU guidance. Students will not be able to take part without a gum shield or a signed note from parents allowing them to participate without one.
