In view of all the challenges faced by schools, parents, and students during the pandemic, we at Uniform Direct wanted to thank all our customers for their patience and understanding. As it looks likely that social distancing and COVID secure working practices will apply at least until the end of 2021 we will not be holding any pop-up shops at schools this year. We are ready to serve all our customers and would encourage everyone to stay safe and order early online. Orders over £25 are postage free.

Our store service will resume when we are out of lockdown, however, social distancing will still be in place along with no trying on of uniform, at least until the end of this year. This will mean a slower pace of service and inevitable queuing for those that leave it to the last two weeks of the Summer holidays.

Please ask parents to help us to help them by coming to the store early, ideally in May and June and definitely before August 7th. Parents are requested to come prepared, measuring their child at home and bringing those measurements with them along with their shopping list, their order will be picked out by our staff.

We want to make the process as easy and stress free as possible by offering the attached guidance to new and existing parents.
