**Trainers** - Ensure that these are not 'fashion trainers' as these often do not give suitable support to your feet and ankles and lack the grip required. Running trainers or indoor football/tennis/squash trainers would be suitable.

**Football boots** - Required for football and rugby. Moulded studs would be best. Please check that you are not buying AstroTurf trainers by mistake.

**Shin pads** - Required for football

**Gum shield** - Highly recommended for contact rugby in line with RFU guidance. Students will not be able to take part without a gum shield or a signed note from parents allowing them to participate without one.
