1. Aims

Our SEND policy and information report aims to:

- Set out how our Academy will support and make provision for pupils with special educational needs/disabilities (SEND)
- Explain the roles and responsibilities of everyone involved in providing for pupils with SEND

Sir Robert Pattinson Academy is committed to supporting all students in achieving their potential, including those who have Special Educational Needs. To create a culture of achievement in which all students can thrive. The school aims to provide a broad and balanced curriculum, which is seen as an entitlement and should be accessible to all students regardless of their abilities. The SEND Local Offer/Information Report (which can both be found on the Academy website) sets out information about the provision of support the Academy is able to offer youngsters who are identified as having SEND. It also contains information about the assessment of learning difficulties, what parents should do if they are concerned about their child's learning or well-being and the processes the school engages in regarding SEND assessment, provision and review.

Sir Robert Pattinson Academy is an inclusive academy and can offer a range of provision to support students with communication and interaction, cognition and learning difficulties, social, mental and emotional health problems and sensory or physical needs. We endeavour to ensure that all children reach their full potential and that their needs are met in a creative and supportive way. Our main focus is on raising the aspirations of and expectations for all pupils with SEND, providing a focus on outcomes for children and young people.

The range of support deployed will be tailored to the individual needs of the pupil following thorough assessment either internally by school staff or by specialists from external agencies. It is designed to develop independent and resilient learners.

The Academy works in partnership with parents and students in all aspects of Academy life. Parents of students with SEND and the students themselves will be involved in identification, assessment and decision making from the very beginning of the process. Parental involvement early on is vital to ensuring the right support is in place in accordance with the SEND code of practice.

This policy complies with the statutory requirement laid out in the SEND Code of Practice 0 – 25 (June 2014). It will be reviewed annually and has been written with reference to the following guidance and documents:
